VOLUME 2.

MARYVILLE, MISSOURI, WEDNESDAY, SEPT. 20, 1911.

NO. 93.

CITY JAIL IS FULL

THE HOBO PROPOSITION EMBARRASSES CITY GOVERNMENT.

POLICE JUDGE GETS BUSY

Drastic Measures May Be Taken to Rid City of "Undesirable Citizens."

What shall we do with the hoboes? That is a question that is troubling Mayor Robey these days. Of late the town has been infested with a number of undesirable strangers, and at the present time the city jail is furnishing hospitality to nine of them, and more are liable to gain entrance at any time.

If the mayor cannot discourage their liking for board at the city hostelry, he proposes to take drastic measures. Up to this time the downy cots and spacious bed rooms at the city jail seem to furnish a graver temptation than the average hobo can stand, and they are flocking to it in numbers and with appetites that give the mayor fears for the safety of the treasury.

The rock pile, the whipping post and various other arguments that appeal to the general run of "road men" as good things to avoid have been considered, and it is safe to say that a warm welcome will be accorded future visitors who fail to give satisfactory reasons for being away from home and have no apparent means of livelihood.

The police judge is also making arrangements for a good run of business on show day, and a big batch of nice fresh blank warrants have been printed, and the only thing remaining is for John Doe to put in his appearance and start something.

GYM AND MUSIC

CLASSES AT NORMAL

The gymnasium classes have been organized at the Normal under the direction of Athletic Director Moore. The young men's class, which meets every Monday, Wednesday and Friday evening at 4:15, has an enrollment of thirty. The work consists of exercises on the horizontal bars and other training that tends to produce a good chest development.

The young ladies' class, numbering twenty-five, meets every Tuesday and Thursday evening at 4:15. Their work includes dumbbell and Indian club exercises. Aside from the physical benefit derived from these classes, the training will enable the students to conduct physical exercises in their respective schools.

For the benefit of those students who have had little or no experience in chorus work, Prof. Landon has organized a chorus club for the Normal students. This class will meet once a week at the chapel hour and will take up the more simple music. In co-operation with this class Mr. Landon will organize his regular glee club, which is made up of the more experienced students of the school. An attempt is being made to organize a Normal band and orchestra, and steps will be taken in the near future to perfect such an organization.

HAS LATEST EDISON

MACHINE FOR FERN

J. B. Ellis of the Fern theater returned Tuesday from a two days' stay in Omaha on business. While there he purchased an Edison machine of the latest improved make for use in his picture show here, and will use the one he now uses here in the theater he will open in Bedford the 1st of October. The new machine will be in operation in a day or two.

Mrs. Hallie Gordon of Columbia, Mo., arrived in Maryville Tuesday for a visit with her daughter, Mrs. Kittie Alpert.

We Want to Make Our Store Your Store

To make you feel that HERE you can buy the thing you WANT—buy them BETTER and CHEAPER than elsewhere. To KNOW that we strive always to win your friendly patronage by courteous, honest service. We want to be able always to give you satisfaction. To do that, we must first know you, your tastes and desires. We are confident of success if you will.

Communication

Pickering, Mo., Sept. 19, 1911.—Publishers Democrat-Forum: Because of the wrong impression made by the article in your paper of the 18th inst., under the caption of "Towns Slow to Act," I wish to say by way of explanation that while it may be true of some towns, it is not so in regard to all towns.

Last spring the business men of this little town of less than 300 people, subscribed, paid and already partly worked out the sum of \$200, which ought to meet the approval of our farmer friends, and I believe they, as well as the rest of us, appreciate what is being done in the co-operation of the business men in improving our public highways, which are not solely for "our use" but for all from whence they come.

I hope the "Good Road Man" will use his best efforts in creating sentiment in favor of improved highways. Respectfully,
C. G. MILLER.

The author of the article criticising the towns in the matter of road building perhaps did not mean to charge all the towns with the full force of his remarks. At any rate, better roads are a matter in which both towns and country are interested, and in which both should co-operate to the extent of their ability and in a friendly spirit. The towns are benefitted by good roads and so is the country.

If it were a matter for comparison the country will be the greatest gainer by good roads, for they mean increase in land values, the saving of time and the increase of comfort in travel, the ability to market products when prices are best, the betterment of the rural school, the reinstatement of the influence of the country church and the general improvement of social life in rural communities. Surely these are worthy of the best efforts of every community.

The towns are also benefitted, and every live town is willing to give every encouragement in its power to good roads. Of course, the business men of every town have to pay for street paving and the various improvements that go to swell his taxes many times to the limit of his ability to pay.

Good roads cost something, but as a matter of fact the chief thing necessary is the road building spirit. There has been great improvement along this line within the last few years, and the matter is yet in its infancy. The proposal to construct cross state highways has inspired a rivalry among the counties in the central part of the state that has already resulted in the organization of a number of special road districts and the voting of bonds to construct permanent roads. Here is where the city and town man can meet and unite in a practical and effective manner and no one will feel the cost seriously.

During Governor Folk's administration as governor an agitation was started to build a state highway from St. Louis to Kansas City. This was after the enactment of the law providing a state road fund and a state highway engineer. The legislature did not provide revenues and nothing came of it beyond the organization of several road districts under the benefit assessment plan. There was no state fund to draw on for special work and no way for raising money except by assessment. The last legislature, however, granted authority to organize road districts and to sell bonds for the money necessary. This has been done already in a number of counties and it looks like the long hard pull to get out of the mud is about to succeed in some of the counties at least.

Experiments with the road drag and with ditching, improved culverts, etc., have all demonstrated that where rock roads are not necessary on account of heavy hauling, very good roads can be constructed and maintained at comparatively little expense if everybody has the good roads fever. It is a matter in which all should, and we believe will, work together, and a thing which, when once accomplished, will never be regretted.

Visitors From Pennsylvania.

Mrs. John Blair and her daughter, Mrs. Wilson Flemming, of Irwin, Pa., a suburb of Pittsburgh, arrived in Maryville Tuesday on a visit to Mrs. Blair's niece, Mrs. John K. Sawyers, and her nephews, J. L. Scott of this city and W. B. Scott, living west of Maryville. Mrs. Blair is the only living sister of the late Mrs. Eleanor Scott of this city, the mother of Mrs. Sawyers, and the Messrs. Scott.

Choir Meeting.

The Christian church choir will meet Thursday evening at 7:30 o'clock for practice. The members are urged to be on time, and any others who wish to become members or assist in the singing are invited to come.

Fine watch and jewelry.

BOARD INVITES BIDS

WATER BOARD ASKS PROPOSITIONS FROM ENGINEERS.

FIRST STEP TO SOLUTION

Of Problem is to Secure Estimates as to What the Water Works Will Cost.

The board of public works has invited propositions from a number of well known engineering firms, and as soon as their propositions are in hand a contract will be let and work will begin on the examination and estimate of the valuation of the present water plant. The first thing to do is to secure the best engineers to do this work, and the board is anxious to make no mistake in this first step.

Acting upon the invitations sent out Hiram Phillips of St. Louis came out yesterday to look over the situation and to talk with the board. The entire afternoon was spent with him and he returned to St. Louis last night. Mr. Harper of the firm of Goodwin and Harper of Kansas City came up last night and met with the members of the board. He was shown around town this morning and will return to Kansas City this afternoon. Others who desire to bid on the job will receive cordial attention.

Neither of the above firms submitted a proposition, but it is expected that they will very soon. When they do the board will proceed to let a contract if the propositions are deemed reasonable, and the first real work will begin. When the engineer's report is ready an attempt will be made to buy the water plant. If no agreement can be reached with the company the engineer's report will be made the basis for the construction of a new plant.

The well dug by Harrison Bros. near the Burlington depot developed a healthy flow of water, and it stands now about thirty feet deep. It is thought to be inexhaustible, and this well gives great hope to the city officials that they will be able to find a satisfactory supply of water with more ease than was at first expected.

Will Bring Nieces Home.

Mrs. J. G. Harrison, living west of Maryville, left for Houston, Texas, Tuesday evening, and expects to return by Saturday, accompanied by her young nieces, Ruth and Naomi Singery. They are the daughters of her sister, the late Mrs. Fred Singery, whose death occurred a few weeks ago. The other children will remain with their father and his sister, Miss Margaret Singery, who is in charge of his home.

THE MISSOURI-CALIFORNIA Irrigated Colony Farms

Improved and operated under one management. Greatest advantages—least expense. Park, club house, water, sewer and residence sites for members. Acreage limited to 1,000 acres. A few more desirable neighbors wanted to complete membership. For full particulars address "Irrigation," care Democrat-Forum.

Northwest Normal Lyceum Lecture Course

The Normal offers to the people of Maryville and vicinity an excellent course of lectures, musicales and entertainments at the lowest possible price. Transferable season tickets to the entire course of five entertainments will be sold for one dollar. Students' season tickets, not transferable, will be sold to Normal, Public School and Business College and Conservatory of Music students for 75 cents. These student tickets will be on sale at the various schools. Regular tickets on sale at the Orear-Henry drug store. Following is given the list of talent and dates:

October 6—DeKoven Male Quartet.

November 8—Dr. James Headley.

December 11—Victoria Lynn Concert Co.

February 7—Prof. Paul Voelker.

March 6—Edward P. Elliott.

This course is given by the Normal in order to furnish to the students the highest order of entertainment and is in no manner a money making proposition. Citizens who assist by buying season tickets will greatly aid in the school's success.

Student canvassers will call with tickets or they may be had at Orear's.

Tickets will be delivered if order is telephoned to the Normal.

PIERCE APPOINTED BY GOVERNOR HADLEY

Governor Hadley has appointed delegates to represent Missouri at the convention of the Lakes to the Gulf Deep Waterways association to be held at Chicago October 12 to 14. The following were appointed:

Congressman Charles F. Booher of Savannah, Fred S. Hudson of Chillicothe, W. C. Pierce of Maryville, John F. Stevenson of Tarkio, A. M. Dockery of Gallatin, Senators Stone and Reed, and all Missouri congressmen, Walter S. Dickey and the other members of the state waterways commission, are also delegates.

Mrs. W. M. Wilson went to Pickering Tuesday to visit her daughter, Mrs. Ernest Swinford.

A LUCKY ACCIDENT

POPCORN WAGON BLEW UP ON MAIN STREET.

FEW PEOPLE ON STREET

Accident Happened at Night and Few People Were Near—Damage Considerable.

Just as Mike Lahr reached for the door to his popcorn wagon last night to get a sack of corn for a customer, there was a terrific explosion and a crashing of glass that sounded as if some business house had been dynamited. People rushed out from everywhere near, only to find Mr. Lahr's handsome wagon a wreck. The little boiler had exploded.

Parts of the machine had been driven through the plate glass in Crane's book store, and a faucet from the machine had been driven deep into the wood frame under the glass. Two ladies had just passed and cleared the machine when the explosion occurred, and it was fortunate indeed that Mr. Lahr escaped injury, for pieces of glass were laying all over the sidewalk and parts of the wagon were sent in all directions.

The accident happened about 9:15, when there were very few people on the street, otherwise there might have been some hospital recruits. The wagon stood just in front of Crane's, on the west side of the square, and there are usually several men standing at or near the stairway adjoining the book store.

No cause for the explosion is known. Mr. Lahr insists that there was plenty of water in the boiler. The wagon cost \$400 and is badly wrecked.

DR. CRESAP RETIRES

PRESIDING ELDER OF THE M. E. CHURCH, SOUTH, RESIGNS.

TO DO MISSIONARY WORK

The New Presiding Elder Will Be C. H. Briggs, Formerly of Joplin.

Dr. S. P. Cresap of St. Joseph, well known in Maryville and formerly pastor of the M. E. church, South, has retired as presiding elder of the St. Joseph district and will devote his time to missionary work and to the care of his large estates. Dr. C. H. Briggs of Joplin has been appointed to succeed him as presiding elder for this district.

Dr. Cresap also has withdrawn from the Missouri conference of the church, but will not retire from the ministry. Hereafter his energies will be devoted largely to missionary work, without salary or pay, and he will be a free agent in that he will perform such service as he can, in his own way, and where he feels that it is most needed.

"For some time I have had this step under consideration," Dr. Cresap said yesterday, "and my conscience tells me it is the right one. I have heavy responsibilities outside the ministry which, combined with my ministerial duties, have been too much. In trying to give both the attention due them I have become nervous and have found it absolutely necessary to make a change. After careful thought I have reached the conclusion that I can do more good by devoting my attention to my personal affairs and serving in the Master's vineyard where most needed and without any regular conference assignment. I do not propose by any means to give up preaching, but it is my ambition to work hereafter without earthly reward and in an entirely altruistic way."

Has Large Land Interests.

Dr. Cresap, as is quite generally known, has large land interests in Southwestern Iowa. With Mrs. Cresap he will leave this week for Payne, Ia., where they will spend the winter, and next spring they expect to take up their permanent residence in Nebraska City, Neb., just across the Missouri river from their lands, and where he will be conveniently located for their management.

Dr. Cresap has been in the ministry nineteen years, as a member of the Missouri conference of the Southern Methodist church. He preceded Rev. U. G. Foote as pastor of the Francis Street church in St. Joseph, for nearly three years, having resigned in the last year in order to accompany the late Bishop Seth Ward of Texas on a tour of inspection of the mission fields of the Orient. Upon his return he was appointed presiding elder of the St. Joseph district and served two years. He asked to be retired at the late conference in Columbia, but public announcement was deferred until the selection of his successor was made. The Southwest Missouri conference, which closed at Marshall Tuesday, transferred Dr. Briggs to the North Missouri conference to fill the vacancy.

His Visit to the Orient.

It was upon the visit to the Orient that Dr. Cresap became imbued with the idea of retiring from regular conference assignments and devoting as much of his time as possible, and his means, to work more missionary in character.

Dr. Briggs is said to be a preacher of great eloquence and force, and one of the ablest in the southwest conference. He has served as presiding elder of the St. Louis and Kansas City districts. He is prominent in Masonic lodge circles, and is a past grand master of the Missouri jurisdiction, and past high priest of the grand chapter.

Next week Dr. Cresap will go to Toronto, Canada, as delegate for the Missouri conference to the ecumenical conference of the Methodists. There will be 500 delegates from all parts of the world, in attendance upon this conference, held at intervals of ten years.

Night School

There is a strong demand for an evening school this year, and we have decided to conduct such a school if ten or more students will enroll for the term. The term will begin September 25, and will continue for six months. The regular courses of study will be offered. Tuition will be \$25 cash, or \$30 in payments of \$5 each. Books will cost from \$3 to \$5, depending upon the studies pursued. Sessions will be held on Mondays, Wednesdays and Fridays. Hours 7:30 to 9:30. Indications point to a class of 30 or 40. This is a splendid opportunity for people who work, and time and money spent in our night school will bring big returns.

Maryville Business College

Somebody will get a brand new handsome Howard automobile as a free gift some time in the near future. A number of the merchants of Maryville announce that they have clubbed together and purchased a handsome auto of the Howard pattern and a fine piano, which they will give away to some of their customers.

MERCHANTS TO GIVE AWAY PRESENTS

Each of the merchants interested will give free tickets with all cash purchases, and the one who has the most of these tickets will get the auto. The one with the next largest number will get the piano, and other presents will be given, yet to be selected.

They don't ask you to spend a cent for any of these presents nor to buy anything, you don't want. They have enjoyed a very good year's business and they want to show their appreciation of the patronage they have received and have purchased these articles to give away to the ones who take the most interest and collect the most tickets. They are handsome presents and are worth the while of any one. Everybody wants an auto, everybody needs a piano.

Those who have joined in the purchase of these articles are Tate Bros., Toggery Shop, Mrs. Staples, millinery; the Koch pharmacy, Maryville Steam Laundry, G. B. Holmes & Co., groceries; Empire theater, Campbell-Clark Hardware Co., Price & McNeal, furniture; Montgomery Shoe Co., Electric shoe shop (T. J. Peniston), Hotchkiss' variety store, Vandersloot's meat market.

News of Society and Women's Clubs.

M. L. Circle.

The meeting of the M. L. Circle at the home of Mrs. James F. Cook Tuesday afternoon is regarded by all present as one of the most interesting in the history of the Circle. The subject of the study was Helen Keller. Three excellent papers on her childhood, girlhood and womanhood were presented by Mrs. James W. Ray, Mrs. Clinton Davis and Mrs. Charles Stillwell. The meeting was opened with devotional exercises led by Mrs. John H. Anderson. The president, Mrs. W. A. Bailey, took charge during the study. Twenty-one members were present and one new member was received, Mrs. W. O. Garrett, who lives north of Maryville.

Twentieth Century Club.

The Twentieth Century club held its first meeting of the year Tuesday afternoon at "Cherrycroft," the home of one of its members, Mrs. J. F. Montgomery. The president, Miss Clara Bellows, presided during the business session. After roll call the report of the State Federation of Women's clubs, which met at Sedalia, May 17, 18 and 19, was given by Miss Clara Sturim, who was the Twentieth Century club's delegate. Her report was excellently given in detail. The new year books were then presented and the course of study explained by the chairman of each department's program committee, Mrs. W. A. Rickenbrode for the Tourists, who will take the Bayview course of "Brave Little Holland;" Mrs. E. G. Orear for the department of Civics and Home Economics, and Miss Anna Nash for the Shakespeareans, who study "Macbeth," "The Tempest," and Tennyson's Idylls of the King. Mrs. G. H. Colbert gave words of praise for the chairman and challenged any club in the state to present as good a program in as handsome style as the coming year's course is given.

A very pleasant feature of the meeting was a talk by Mrs. Dr. J. H. Holland of Riverside, Cal., who is in the city the guest of Mrs. O. C. Hanna. Mrs. Holland is president of the Woman's club at Riverside, which has 203 members. She will be well remembered by many Maryville residents as Miss Emma Parker, daughter of Rev. J. W. Parker, a former pastor of the First M. E. church of this city.

A delightful time followed with a garden party, when a cafterian luncheon was served in the club colors, lavender and white, by the members of the program and year book committees who are Mrs. W. A. Rickenbrode, Mrs. E. G. Orear, Miss Anna Nash, Miss Helen Leffler, Mrs. R. L. McDougal, Scribner Beech, Sr., Miss Emma Lee Taylor and Mrs. G. H. Colbert.

There were two out-of-town guests, Mrs. Holland of Riverside, Cal., as Mrs. O. C. Hanna's guest, and Mrs. James Shuck of Seattle, Wash., who

ADVISES CITY TO BUY

JUDGE McPHERSON RECOMMENDS DISPOSITION ON WATER WORKS.

DES MOINES FIXED RATES

Judge Overruled the Rates, But Said City Its Remedy Was in Ownership.

Judge McPherson of the district court, rendered a decision in Des Moines water works case Saturday in which he overruled the contents of the city, and the city to buy the plant in question.

Four years ago the Des Moines passed an ordinance authorizing the Maryville Water company to build a water works, the rates to be fixed by the company. The company charged rates were unreasonable and the city sought to render a fair income on investment and took the case to court. It has been in court ever since. A temporary injunction was prohibiting the city from putting rates into effect. The city claimed the plant was worth \$100,000, and a special appraisal was ordered, which placed the value at \$100,000. Judge McPherson overruled the temporary injunction and advises the city to buy the plant.

The following words: "The Iowa legislature has a statute which provides for condemnation and taking over works, and the city as a city the owner of such plants. If the rate is ascertained by the court of the state, and the plant are compelled to the ownership upon receiving value thereof from the city, the construction of the Iowa statute above referred to the city into debt to raise the money to come the owner. The city may raise the money at a less rate than can a private corporation. When the city becomes the owner of the plant all these litigations at an end.

"It may be that the people be better served, but in and disputes will be between officers and the people. Service is not given, the only complaint to their own. It may be that the property will pay more for their water works company will be to receive all of the investment. But, considering the limits of their franchises, and the now encountered to get in which to build water works is better that they charge losses and bring present meeting to a conclusion.

Markham's "Real Romance" contains the most of historical pictures work defies criticism.

Mrs. L. Clement Ruby, of Arkoe, Maryville Tuesday.

Mrs. Joseph Dobbins in Maryville on business Tuesday.

Eastman Kodaks and Crane's.

Carl Morris, the Oklahoma "white
knap," has ceased to hope.

Mr. Bryan believes that "harmony
can be had." A lack of harmony
means defeat.

Better take one more round with
the lawn mower and then get the fur-
nace in order.

Champ Clark says that the differ-
ence between a speech and a lecture
is that you get paid for the lecture.

COME AND SEE.

The Worth County Times and the
St. Joseph Observer a few days ago
found fault with Maryville because
Caleb Powers was allowed to lecture
here, and used the circumstance as
the basis for an argument against the
Chautauquas, alleging that Chautau-
quas in general are only money mak-
ing enterprises, and that anybody can
get on the circuit who has become no-
torious enough to attract attention
and draw a crowd of curiosity seek-
ers.

The argument is entirely unjust to
the Chautauqua movement in general
and to Maryville in particular. Caleb
Powers was in Maryville several
years ago, and to this indictment there
is no attempt to evade just criticism,
but while there may have been some
difference of opinion as to the prop-
riety of staging him as an attraction
at any time, it is certainly true that
during the past two years two excel-
lent Chautauquas have been held in

and no man, however crit-
ic, could find the least objection to a
program of either program.

These Chautauquas were up-
held and helpful and would
be no disadvantage to either
the mentioned editors if they
had us with their presence.
I returned away back in years
more than men do in all
and the right to repent
error is open to all.

Connected with the Chautau-
qua in this county at the
present is a clean man of pure
and high purposes, and if our
of the press will come over
hundreds of our hospitality
we will guarantee that their
atures will not be shocked
said or done in the pro-
gram will be presented. If they
at any good can come out of
this, let them come and see.

BUFFALO BILL'S FAREWELL TOUR

In the summer of 1883 Buffalo Bill's
Wild West Show presented a line of outdoor,
fresh air exhibitions that were novel
and beneficial to the public. In the
winter of 1885 and 1886, in the most
colossal scenic spectacle the world
ever saw before or since (presented at
Madison Square Garden), it founded a
new era in stage mechanism that has
since had an inspiring effect on dra-
matic productions in the most cele-
brated homes of that art. Its contin-
ental and ocean tours mark a pio-
neering in that line that stands and
probably will forever, as an un-
equaled record. During the summer
of 1911, with its companion human
kindergarten, Pawnee Bill's Far East,
its visits will be rendered memorable
as celebrating the leave taking from
millions of admirers of its leader, Col.
W. F. Cody, Buffalo Bill.

BRONCHITIS CONQUERED.

Seventh Years Old and Praises Won-
derful Hyomel.

"I had a severe attack of La Grippe.
It left me with bronchitis and catarrh
of my throat. I became quite deaf in
one ear so I could not hear a watch
tick. I commenced using your Hyomel
and inhaler and soon got relief,
and believe that it saved my life. I
have recommended it to many. I am
over 76 years old. I have told several
prominent doctors what it did for
me."—Wm. H. Mowder, Washington,
N. J., R. F. D. March 16, 1911.

For catarrh, asthma, bronchitis
coughs, colds and catarrhal deafness
Hyomel is guaranteed by the Oregan-
Henry Drug Co. Complete outfit in-
cluding inhaler and bottle Hyomel
\$1.00, separate bottles Hyomel if after-
ward needed 50 cents.

WEST SIDE HARDWARE STORE CHANGES HANDS

H. C. Bower of Glenwood, Ia., has
purchased the West Side Hardware
store and will take charge at once.
He is a practical hardware man, has
been in the business for seventeen
years, and expects to make Maryville
his home in future. He recently sold
out his business at Glenwood, and in
looking around for a new location,
took a fancy to the best town on earth
and decided to locate here. Mr.
George, the former proprietor, will
return to his former home at Hol-
den, Mo.

Married by 'Squire Morris.

Miss Orley Brummett, daughter of
Mr. and Mrs. E. R. Brummett of Pick-
ering, and Amos Swaney, son of Mr.
and Mrs. G. W. Swaney of Pickering,
were united in marriage at 10:30
o'clock Wednesday morning at the
court house by 'Squire J. W. Morris.
The bride and groom were accompa-
nied by Miss Ocie Swaney, Miss Mabel
Brummett of Pickering and the
groom's brothers, Ransom and James
Swaney, of Tulaire, S. D.

Marriage Licenses.

The following marriage licenses
were issued Wednesday:

S. F. Reavis,.....Burlington Junction

Charlotte Wright.....Skidmore

Amos J. Swaney.....Pickering

Orley L. Brummett.....Pickering

Leonard Vore.....Pickering

Fannie Sadler.....Pickering

Visiting Sick Brother.

Mrs. J. M. French and little daugh-
ter of Burlington Junction spent
Wednesday in Maryville with her
brother, Henry J. Crider, a patient at
St. Francis hospital. Mr. Crider is
slowly recovering from his injuries in
the automobile accident near the Prater
farm, west of town, in which Les-
lie A. Gelvin was killed.

On Visit to Old Home.

F. Carmichael, living ten miles north-
west of Maryville, left Tuesday eve-
ning for Stanford, Ind., for a visit to his
old home there, which was the place of
his birth, where his boyhood was
spent and where he was married. He
has been a resident of this county for
forty-six years.

Her Father Ill.

Mrs. Ed Daniels of Fairport, Mo.,
who has been at the home of her sis-
ter, Mrs. S. S. Skinner, several days
because of the illness of her aged
father, Housan Hunn, who makes his
home with his daughter in Maryville,
returned to her home Wednesday.

Returned to St. Joseph.

Mrs. Curtis Mossman and sister,
Miss Della Allen, left Tuesday eve-
ning for their home in St. Joseph. They
had been in this city for several weeks
on account of the illness and death of
their sister, the late Mrs. Ben Shaffer.

Visiting Her Mother.

Mrs. Fred M. Hull and daughter,
Pauline, of Hiawatha, Kan., is in
Maryville on a visit to her mother,
Mrs. Mollie Porter, of South Main
street.

Left for Nebraska.

Mrs. Gooley Griffey, living six miles
northwest of Maryville, left Wednes-
day morning for Broken Bow, Neb., on
a visit to her brother, C. R. Workman.

P. E. O. Meeting.

The P. E. O. chapter will meet Sat-
urday afternoon with Miss Hettie An-
thony.

Miss Jessie Gibson of Chillicothe,
Mo., was in Maryville Wednesday
morning, returning home from an ex-
tended visit at Eddyville, Iowa City,
Creston and Winterset, Ia.

Mrs. M. D. Brennan and her mother,
Mrs. John Vaughn, left Wednesday
morning for a few days' visit in Kan-
sas City.

Miss Belle Roberts went to Kansas
City Wednesday morning to take up
nursing in Dr. Droll's sanitarium.

Mrs. Gus King of Clyde attended the
social given by the young ladies of
St. Mary's Tuesday evening.

Mrs. Dr. Ed Miller of Hopkins spent
Wednesday in Maryville with Dr. and
Mrs. Jesse Miller.

T. D. Hosmer of St. Joseph is in
Maryville on business.

Priest Discerns New Comet.

St. Louis, Sept. 20.—Father Martin
S. Brennan, S. J., a priest astronomer,
has sighted a tramp comet, the tail
of which can be seen with opera glass-
es after 8 p. m. The nucleus is visible
to the naked eye just south and west
of the star Chubab, known as the
"Tail of the Dragon." The head is
much larger than that of Halley's
comet. Its origin and identity are un-
known.

D. R. EVERSOLE & SON

It is now time to talk fall and winter merchandise. It is now time for you to think about your needs in our line. The early buyers always select the best to be had in the stocks, and we want you to know that the best merchandise we bought is rapidly coming in so that all will be early buyers.

Ladies', Misses' and Children's Coats

If there ever would be a time when
we could please you in a coat it will
be this season. We have bought lib-
erally on coats, and will be able to
show you a large range of styles and
variety of materials to select from.
We will show a beautiful line of La-

dies' Black Coats, also the heavy re-
versible cloths in the mixtures. We
have a nice line of Ladies' Lighter
Weight Coats that are just the right
weight for this time of the year, and
probably would be heavy enough up
into the early winter.

Ladies' Dresses

We bought a beautiful line of La-
dies' Dresses, and they are arriving
every day by express. We want you
to call often and see the new styles.
There will be a great demand this
season for Ladies' Dresses. The un-

certainly of the length of the suit coat
has thrown dresses strong in the lead
and suits to the rear. We will also
have this season Misses' and Chil-
dren's Tailored Dresses at very rea-
sonable prices.

Cool Weather Time is Sweater Time

We want you to know we sell the Bradley products. The name Bradley in a Sweater Coat in-
sures to you that you are getting the best in knit goods. These coats give perfect satisfaction, not only
because they fit, not only because they are stylish, but because they are made from yarns of the highest
grade. The prices range from \$1.75 to \$8.50.

Shoes for School Wear

We call your attention to a line of Gun Metal Calf School Shoes for children and misses that should
be of direct interest to parents. The sizes are 8½ to 11, at 90c, and 11½ to 2 at \$1.10—best values in
the city.

We also show School Shoes made from the best grade of velv kid, both lace and button, sizes 8½
to 11 and 11½ to 2 that you will find to be 25c per pair cheaper than you have been getting same qual-
ities for. We are just putting 'n stock for Friday's showing, a very choice line of Junior and Misses' and
Ladies' Gun Metal Calf Shoes, that are unmatched in the county in appearance, wearing qualities and
lowness of price.

We also show in this connection a Ladies' Home-Wear Shoe made from gun metal calf. This
shoe is built for comfort and service, and will on investigation appeal to you as JUST THE SHOE for
home wear. The price, \$2.00, is so reasonable, too. You can easily save the price of a single admission
to the circus on every pair of Shoes bought of us, that day or any other day. It is the 25c and 50c you
save on a purchase that helps you to get other things you want.

MARCELL

SPAIN FACES GRAVE CRISIS

Labor Movement Develops Into Revolutionary Conflict.

GENERAL STRIKE IS ORDERED.

Trades Unions Direct Walkout Throughout Nation—Constitutional Guarantees Suspended and Meetings Forbidden.

Madrid, Sept. 20.—Spain is face to face with a crisis equal in gravity to that following the riots in Barcelona in 1909. The agitation and the power of the agitators on the masses have increased in proportion to the rigor of the repressive measures undertaken by the government. What at its origin was purely a labor movement now has developed into a revolutionary conflict, a commune actually having been proclaimed at two towns near Valencia. At these places the authorities were driven out of the districts.

Will Call General Strike.

The affiliated trades unions have decided to call a general strike today throughout the length and breadth of Spain, and the government, abandoning the tone of optimism heretofore maintained, decided upon the drastic step of "suspending the constitutional guarantees" throughout the whole country. All meetings have been forbidden. The military authorities, it is further said officially, will not assume control except in extreme cases.

"The grave measures we have taken is absolutely imperative, not only for the defense of public institutions, but for society itself," said Premier Canalejas. "The suspension of the constitutional guarantees has been decided upon by the government in the presence of a movement unmistakably revolutionary and anarchistic in character—a movement it may be assumed directed against all social order."

Government Knew of Plot.

The Spanish government has long been aware that some such movement was contemplated for the end of September, but was unwilling to take radical measures until its true character was apparent. The movement was supported by the socialists and possibly by the extreme Republican party and was directed by a committee composed of Spaniards and foreigners, with headquarters at Barcelona.

Emissaries were sent out throughout the peninsula with instructions to foment general strikes in all the provinces, the object being to paralyze the life of the nation by stopping all public services. The government laid plans accordingly and is resolved on the re-establishment of order as rapidly as possible and at any cost.

URGES CONVICT LABOR

Governor Shafroth Outlines Plan for Building Public Highways.

Chicago, Sept. 20.—Governor John Shafroth of Colorado, at the International Good Roads congress and exposition, advocated the use of convict labor for building and maintaining public roads. At the conclusion of the Colorado governor's address, the congress adopted resolutions demanding the enactment of federal and state laws for this purpose.

Governor Shafroth described the success of Colorado in using convict labor for the construction of highways and outlined the method pursued by that state. In this connection, he said:

"In Colorado we give each convict ten days off for every thirty days' sentence in working on our public roads, and we have not lost a man by sending him out to do this work. The keep of the prisoners is less expensive to the state, and the beneficial results to the individual convict are great. We should have state and federal laws compelling all able-bodied convicts to earn their liberty by work and they should receive one-third of their earnings for themselves and their families."

DOOMED MAN KILLS ANOTHER

Strikes Him With Piece of Iron Bar in Corridor of Prison.

Folsom, Cal., Sept. 20.—Jake Oppenheimer, murderer, robber and condemned to die, added another murder to his list when he killed Francisco Quijada, also condemned to die, with a piece of iron bar, in the corridor of the prison here.

The killing was the result of bad blood that has existed between the two men for several months. Both figured in a recent attempted jail breaking, and both were sentenced to hang, under a new law, which makes it a capital offense for a life term to attempt to break jail.

Oppenheimer has killed two men and figured in several attempted jail deliveries. He has been the most unruly prisoner in the history of Folsom. "I just wanted to add another scalp to my belt," is his only explanation of his deed.

Dix in Favor of Home Rule for Cities.

Chicago, Sept. 20.—A powerful plea for the emancipation of American cities from the control of state government was made at the International Municipal congress by Governor John A. Dix of New York, whose paper on "Home Rule for Cities" was read by Charles Lokue.

MASS FOR REPOSE OF STOLYPIN'S SOUL

Czar Participates in Ceremonies at Kiev Hospital.

Kiev, Sept. 20.—A mass for the repose of the soul of the late Russian premier, M. Stolypin, was celebrated at the Kiev hospital, where the statesman died from injuries inflicted by Dmitry Bogrov.

Emperor Nicholas participated in the ceremonies and at its conclusion personally condoled with M. Stolypin's widow.

His majesty left for Sebastopol, where the imperial party will take up for three months their residence in the newly built palace at Yalta, in the Crimea. Thousands of persons, cheering enthusiastically and singing repeatedly the national anthem, accompanied the emperor through the streets.

JUDGE GROSSCUP TO RESIGN

Will Retire From Bench First Week in October.

Chicago, Sept. 20.—United States Circuit Judge Peter S. Grosscup announced that he would retire from the bench the first week in October. Judge Grosscup has served nineteen years as a member of the federal judiciary of the Northern district of Illinois. He came into public notice when the United States court of appeals, of which he was a member, reversed the action of Judge K. M. Landis, who had fined the Standard Oil company \$29,000,000. He will send his resignation to President Taft shortly after the meeting of the United States court of appeals in October. A desire to enjoy more freely his freedom as a citizen and resume practice of law are given as reasons for Judge Grosscup's decision.

Uncle Sam Cuts Out Free Smokes.

Los Angeles, Sept. 20.—Cigarmakers and other tobacco factory workers, including girls, who have been accustomed to having all the "free smokes" they wanted, must pay hereafter for the "makings" and for all the cigars they use, according to a ruling of Claude I. Parker, United States district collector of internal revenue.

Blames the Labor Unions.

London, Sept. 20.—Lord Claude Hamilton, chairman of the Great Eastern railway for the last eighteen years, was the principal witness before the railway commission which is inquiring into the differences between the companies and their employees. He made a sharp attack upon British trades unionism.

Man Drowns Self and Son.

Paris, Sept. 20.—A man named Le-livre quarreled with his wife and left the house, taking his ten-year-old son. The bodies of both were found in the Seine. The father had tied the body of the son to his own and then leaped into the river.

Man Attacked by Pet Deer.

Springfield, Mo., Sept. 20.—A pet deer attacked and seriously injured Frank Hedley, a business man, here. Hedley was knocked down and one of the prongs of the enraged animal's horns entered his thigh. He was rescued by neighbors.

Spanish Troops Fire Into Crowd.

Bilbao, Spain, Sept. 20.—Troops fired on a crowd that was endeavoring to free prisoners, including strike leaders, who were being taken through the streets. Twenty-six persons were wounded. The situation is grave.

Archbishop to Fight the Fight.

London, Sept. 20.—The archbishop of Canterbury has interested himself in the campaign to prevent the scheduled Johnson-Wells fight and has written the home office urging that action to suppress the contest be taken.

Mrs. W. L. Schoonover and daughter, Alleene, went to Hopkins Tuesday to visit Mrs. Madeline Caffrey.

Mrs. R. L. Crabb went to Darlington Tuesday to meet Mr. Crabb, who went there on a business trip.

Mr. and Mrs. Samuel went to Sheridan Tuesday for the picnic.

NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 1.)

was the guest of her sister, the president, Miss Clara Bellows. The course of study mapped out in the new year book for the Twentieth Century club is a credit to the organization and alone marks its members as women of thought and culture.

Dance at Calumet Hall.

A company of young people enjoyed an evening in dancing at Calumet hall Tuesday night to delightful music played by the three Italians who spent the day in Maryville giving street concerts with violins and Italian harp. The dancers were: Miss Allie Fraser, Cecil Sheldon, Magnus Tate, Ruth Reuillard, Fred Bellows, Cecil Benight, Dr. Clifford Cline, Nello Campbell, Ralph Marcell, Hazel Lake, Curtis Lyle, Virginia Rose, Lieber Holmes, Katherine Kuchs, Clyde Hutton and his aunt, Mrs. Lulu Gotch of Atlantic City, Ia., who is a guest at the Hutton home; Edward Lowery, Ina Hollowell, Frankie Hollowell, Lou Cunningham, Cleve Funk, Rena Sturm, Don Aldrich, Mary O'Brien, Earl Stafford, Orleana Helpey, Scott Crall, Helen Helpey, James Felix, Kittle Gremis, Harry Olson, Marie Reuillard, Eugene Cummins, Eleanor Smith, Frank Cummins, Lillian Carpenter, George Kemp, Anna Bainum, Fleming Carpenter, Esther Shoemaker, Lester Bennett, LaVera Condon.

Machinery hall will be something extraordinary in connection with the land show proper. In former years the machinery department was one of the features of the corn expositions in Omaha, and it was greatly missed at the last land show. The management therefore hastened to add this feature, and also to make it the most complete of its kind that could be arranged. Machinery of every description will be shown, from small hand tools to the big tractor. There will be practical field demonstrations with the tractors and also of corn shredding.

Social Was Successful.

The social given by the young ladies of St. Mary's church, in the church basement, Tuesday evening, was successful. Twenty-five dollars was cleared by them for the benefit of their new parish school building. The lady's prize at the games was won by Mrs. John Tobin of DuQuoin, Ark., and the gentlemen's prize by Mr. John Schwartz. Both prizes were decks of cards.

MANY EXHIBITS AT OMAHA LAND SHOW

With reports of extraordinary crops coming in from all sections of the territory embraced by the Western Development association, the second annual Omaha land show, October 16 to 25, will be the greatest exhibition of its kind ever attempted. Its magnitude will surpass other shows, as the Omaha Coliseum, in which the exhibits will be shown, has more floor space than any other exposition hall. W. O. Paisley, general manager of the land show, recently returned from several western states, where he lent his assistance toward assembling the exhibits, and he met with signal success, finding the sentiment of the west strongly in favor of Omaha as the best place in the world to handle such an undertaking. C. C. Rosewater, president of the exhibit, is on the Pacific slope, where he has arranged for many unique displays.

The exhibits will include every grain and fruit that is grown in the west, as

well as the minerals and oils that are taken from the earth. Besides their fine grain and fruit, Colorado and Montana will have fine displays of minerals. Idaho and Oregon will have novel displays of native timbers and woods, and Idaho has planned to have her display cases made of highly polished native woods, showing the great horticulture resources of that state with a setting showing her forest resources.

California, as usual, will make a magnificent showing of her citrus fruits and she will also feature other products of the golden state with the finest display which has been sent out from the coast. Washington will have exhibits from her most fertile valleys, and the Big Horn basin and other sections of Wyoming will be well represented. Utah has arranged for a more complete display than was made at the first land show, when the state received many plaudits for her fine showing, and Nebraska will come in for a large space where she will show to splendid advantage the opportunities offered for development along all lines.

The interior scene of the big coliseum, when the doors are thrown open to the throngs on October 16th, will be one of dazzling magnitude. Many thousands of electric lights will be employed and the spectacle will be grand. One of the spectacular features will be the panoramic reproduction, showing "the development of the west" from the glacial period down to the present time. A fine program will be given every afternoon and evening.

more important factors, are still not of first consequence. The two great causes of poverty, according to the association, which is the first body to look into the question in a broad and careful way, as affecting metropolitan populations, are sickness and unemployment. Together they account for two-thirds of the trouble—with the former in the lead. This state of things brings forward most pointedly the necessity for instruction in better ways of living and for some form of insurance to soften the effects of illness on domestic life. The other phase of the question invites emphasis on the need of avoiding congestion of population by devising machinery for the advantageous disposal of newcoming aliens through the country at large.—Chicago Record-Herald.

LIEUT. MCCOMMON IS COMING HOME

Lieutenant and Mrs. Frank McCommon of San Diego, Cal., will arrive in Maryville Wednesday night for a few days' visit with his parents, Mr. and Mrs. Howard McCommon.

Lieutenant McCommon has been ordered to the east by the U. S. navy department and will spend the winter on the eastern coast. Mrs. McCommon's sister and children from Omaha will meet them in St. Joseph and accompany them to Maryville.

The Chief Causes of Poverty.

Intemperance as a cause of poverty seems to be losing its importance. Only 2 per cent of the 1,600 families which have been lately in the care of New York's association for improving the condition of the poor relate their distress to that source. Desertion, imprisonment and inefficiency, while

PRESIDENT TRIES BIG CANAL LOCK

Drops Nineteen Feet Through Big Lift at Sauli Ste. Marie.

INTERESTED IN WATER POWER

Promises to Give His Personal Attention to Situation—Executive Reviews Troops at Fort Brady—Entered at Home of Gov. Osborn.

Sault Ste. Marie, Mich., Sept. 20.—President Taft turned from politics and spent an enjoyable afternoon in Sault Ste. Marie. He spoke from in front of the local armory, but confined himself to local topics. He promised the people of the "Lack City" that he would give his attention to the water power situation here and would see that the long disputed subject was settled. Many of the industries of the city have been retarded by the restrictions upon the use of water.

Mr. Taft took a special interest in the great locks in the canal. Thoroughly conversant with the work on the great water lifts at Gatun and Pedro Miguel on the Panama canal, the president was anxious to see some big locks in actual operation.

On board a tug he was dropped nineteen feet through the biggest of the three locks, and saw a number of boats lifted from the lower level of Lakes Huron and Michigan to the surface waters of Lake Superior.

Soon after his arrival at noon the president headed a procession of some fifty automobiles through the streets of the city and was cheered vigorously. He was entertained at the home of Governor Osborn, who met him at the train, and attended a luncheon of citizens, where covers for 500 were laid.

The president, at Fort Brady, reviewed the United States troops there and had tea with Major and Mrs. Sidney T. C. Gleason.

Carmen Didn't Like Way He Handled Omaha Strike.

St. Joseph, Mo., Sept. 20.—C. O. Pratt of Philadelphia, for six years chairman of the executive board of the street railway men's union, was ousted as a member of the board, after a bitter attack had been made on him by some of the delegates relative to the way the strikes in Philadelphia and Omaha had been handled.

In the race for a place on the board with Fred Fay of Ypsilanti, Mich., Fay won by a vote of 113 to 85. By a vote of 108 to 50, Salt Lake was chosen the place of the next convention in 1913, over Cleveland.

W. D. Mahon of Detroit was re-elected president.

Never Too Old to Have an Affinity.

Kansas City, Sept. 20.—Stating on the stand that a man never gets too old to have an affinity and charging that her husband, Charles W. Adams, had had nine during their married life, Mrs. Jennie M. Adams was granted a divorce in the circuit court here.

Court Influence Seeking Control.

St. Petersburg, Sept. 20.—The court influences are mobilizing to control the government that shall succeed that of the late Premier Stolypin. The impression prevails that the tenure of office of M. Kokovoff, the acting premier, will be temporary.

President of Ecuador Ill.

Guayaquil, Ecuador, Sept. 20.—President Estrada is seriously ill.

GRAIN AND PROVISIONS

Closing Quotations on the Chicago Board of Trade.

(First insertion Sept. 19; last, Sept. 26)

NOTICE TO CONTRACTORS.

Contractors are hereby notified that sealed bids will be received by the city clerk up to 6 o'clock p. m. Tuesday, September 26, 1911, for the building and construction of cement sidewalks as hereinafter enumerated.

A cement sidewalk along and adjacent to the entire north side of a tract of land described as commencing where the north line of Sixth street intersects the east line of the northwest quarter (¼) of the southeast quarter (¼) of section eighteen (18), township sixty-four (64), range thirty-five (35), thence north two hundred and twenty-seven (227) feet; thence west six hundred and twenty-seven (627) feet; thence south two hundred and seventy-six (276) feet; thence east six hundred and twenty-seven (627) feet, to the place of beginning, excepting that portion of the above described tract which is owned and occupied by the Wabash Railroad company as right-of-way, said sidewalk to be four feet in width, and four hundred and twenty-seven (427) feet in length.

A cement sidewalk on the west side of Walnut street, along and adjacent to the east side of lots one (1) and two (2), in quarter block one (1), T. L. Robinson's addition to the city of Maryville, said sidewalk to be four feet in width and one hundred and thirty-five (135) feet in length.

A cement sidewalk on the north side of Twelfth street, along and adjacent to the entire south side of the east half of lot one (1), in block twenty-five (25), of W. R. Saunders' addition to the city of Maryville, said sidewalk to be four feet in width and thirty-eight (38) feet in length.

A cement sidewalk on the east side of Market street, along and adjacent to the entire west side of lots three (3) and four (4), in block eight (8) original town, now city of Maryville, said sidewalk to be four feet in width and one hundred and thirty-three (133) feet in length.

A cement sidewalk on the south side of Fifth street, along and adjacent to the entire north side of lot one (1), in block twelve (12), northwest extension or addition to the city of Maryville, said sidewalk to be four feet in width and one hundred and thirty-seven (137) feet in length.

A cement sidewalk on the north side of Sixth street, along and adjacent to the south side of a tract of land described as follows: Beginning at a point thirty feet east of the southwest corner of lot five, northern boundary, original town, now city of Maryville, Nodaway county, Missouri, and extending thence north to the north line of said lot five, thence east to the north line of said lot six, northern boundary, original town, now city of Maryville, Nodaway county, Missouri, to a point thereof due north of a point on the south line of said lot six, three hundred and six (306) feet west of the southeast corner of said lot six, thence south to the south line of said lot six, thence west to place of beginning, said sidewalk to be four feet in width and three hundred and eighty-nine (389) feet in length.

A cement sidewalk on the north side of Seventh street, along and adjacent to the south side of lot seven (7), northern boundary, original town, now city of Maryville, Nodaway county, Missouri, said sidewalk to be four feet in width and sixty-six (66) feet in length.

A cement sidewalk on the north side of First street, along and adjacent to the south side of lots eleven and twelve, block fifty-seven (57), Maryville City company's addition to the city of Maryville, Missouri, said sidewalk to be four feet in width and one hundred and thirty-seven (137) feet in length.

A cement sidewalk on the east side of Fillmore street, along and adjacent to the west side of lot eight (8), in block two (2), and sixteen feet off the south side of lot seven (7), in block two (2), northwest extension to the city of Maryville, said sidewalk to be four feet in width and seventy-three (73) feet in length.

A cement sidewalk on the south side of Seventh street, along and adjacent to the north side of the north one-third (1-3) of one-half (½) block two (2), northwest extension to the city of Maryville, said sidewalk to be four feet in width and one hundred and thirty-three (133) feet in length.

Each and every one of the above sidewalks to be built upon the established line and grade, which will be indicated by stakes set by the city engineer without cost to the contractor. The contractor to use due care in preserving said stakes, and if they should have to be reset, it will be at the expense of the contractor. Each and every one of the above sidewalks are to be built of cement, and in manner and form as provided by the specifications for sidewalks of cement, as set out in section 4-C of ordinance No. 221 of the city of Maryville, as recorded at pages 67-70 of ordinance record No. 8, of the city of Maryville, Missouri.

The work of building and construction shall include all grading, filling or excavation necessary therefor, and the cost of all labor and material and the cost of removal of any and all obstruction from the line of said sidewalks, and shall be completed on or before the first day of November, 1911.

BIDS.

The sidewalk along each and every lot or tract will be let as a separate job, and contractors will file a separate bid for each and every lot they desire to build, said bids to be sealed and filed with the city clerk of the city of Maryville by six o'clock p. m. Monday, September 25, 1911.

Each and every bidder shall enclose with each bid a certified check on some Maryville bank for ten per cent of the total amount of such bid. The board of aldermen reserve the right to reject any and all bids.

In case a bidder to whom a contract is awarded shall fail, neglect or refuse to enter into a good and valid contract with the city of Maryville, the work bid on, and the city a good and sufficient double the amount of money mentioned on the face of his contract, then he shall be liable to the city.

All of said work to be supervised by the city engineer and in accordance with the specifications above recited and satisfaction of said engineer.

Upon the receipt of the work and the payment of the money herein provided for, the city will pay to the contractor the amount of the contract.

PAYMENT. The city will pay to the contractor the amount of the contract upon the receipt of the work and the payment of the money herein provided for, the city will pay to the contractor the amount of the contract.

CONTRACTS. The city will pay to the contractor the amount of the contract upon the receipt of the work and the payment of the money herein provided for, the city will pay to the contractor the amount of the contract.

CONTRACTS. The city will pay to the contractor the amount of the contract upon the receipt of the work and the payment of the money herein provided for, the city will pay to the contractor the amount of the contract.

CONTRACTS. The city will pay to the contractor the amount of the contract upon the receipt of the work and the payment of the money herein provided for, the city will pay to the contractor the amount of the contract.

said work. A copy of the specifications above referred to and any further information required by contractors can be obtained at the office of either the city clerk or the city engineer.

Witness my hand this 18th day of September, 1911.

C. L. GANN, City Clerk.
By authority of ordinance No. 515.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandfathers used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded and with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

WANTS

Advertisements are inserted in this column at the rate of three lines (18 words) three days for 25 cents. For ads larger than three lines one cent extra will be charged for each word in excess of 18. Cash must accompany order for these small amounts.

FOR SALE—Large fireproof safe, cheap. Charles Hyslop. 10-11

"For Sale," "For Rent" and "Rooms for Rent" cards at this office, only 10 cents each.

FOR RENT—Modern 6-room cottage, close in. T. W. Costello, 321 North Market street. 5-11

FOR SALE—Sixty acres or less with good improvements, one mile south-west of Maryville limits. J. J. Barr.

FOR SALE—McCormick corn binder, as good as new. T. W. Costello, 321 North Market street. 5-11

FOR RENT—cottage of five rooms, corner Fourth and Buchanan. N. Sisson. 11

LOST—Lady's gold watch. Finder please leave at 605 North Mulberry or call Hanamo 139 or Bell 37. Reward. 19-21

LOST—Large black pocketbook handbag. No money; pair tan kid gloves, piece of silk. Mrs. John H. Anderson. 18-20

In order to save further expense we will sell very cheap for cash or payments as low as \$6.00 per month. For particulars write Olney Music Co., St. Joseph, Mo. 28-46

STRADIVARIUS VIOLIN

For sale cheap. Excellent, sweet tone and in perfect condition. Could ship on trial. Write to Miss Bertha W. Mardis, Route 5, Rosedale, Kansas.

On Business Trip. Dean left Tuesday evening, Okla., on a business trip to be gone a week.

Say, Have You Ever

Bought any coal from Frank G. Shoemaker and had it delivered with the big white wagon? These white wagons don't make a bad appearance on the streets of the city do they? And the horses look like they had enough to eat too. So do the drivers. The scales and yards are kept up in the same way, and that system of doing business makes it a legitimate mercantile business, like any other business of the city, and worthy of your patronage if prices and coals are right, and they are—because I am behind every pound of coal sold. If it is not right I will see that it is satisfactory or money refunded. Let me figure with you for your winter coal.

Yours truly,
F. G. SHOEMAKER, Sr.

CITY JAIL IS FULL

THE HOBO PROPOSITION EMBARASSSES CITY GOVERNMENT.

POLICE JUDGE GETS BUSY

Drastic Measures May Be Taken to Rid City of "Undesirable Citizens."

What shall we do with the hoboes? That is a question that is troubling Mayor Robey these days. Of late the town has been infested with a number of undesirable strangers, and at the present time the city jail is furnishing hospitality to nine of them, and more are liable to gain entrance at any time.

If the mayor cannot discourage their liking for board at the city hostelry, he proposes to take drastic measures. Up to this time the downy cots and spacious bed rooms at the city jail seem to furnish a greater temptation than the average hobo can stand, and they are flocking to it in numbers and with appetites that give the mayor fears for the safety of the treasury.

The rock pile, the whipping post and various other arguments that appeal to the general run of "road men" as good things to avoid have been considered, and it is safe to say that a warm welcome will be accorded future visitors who fail to give satisfactory reasons for being away from home and have no apparent means of livelihood.

The police judge is also making arrangements for a good run of business on show day, and a big batch of nice fresh blank warrants have been printed, and the only thing remaining is for John Doe to put in his appearance and start something.

GYM AND MUSIC CLASSES AT NORMAL

The gymnasium classes have been organized at the Normal under the direction of Athletic Director Moore. The young men's class, which meets every Monday, Wednesday and Friday evening at 4:15, has an enrollment of thirty. The work consists of exercises on the horizontal bars and other training that tends to produce a good chest development.

The young ladies' class, numbering twenty-five, meets every Tuesday and Thursday evening at 4:15. Their work includes dumbbell and Indian club exercises. Aside from the physical benefit derived from these classes, the training will enable the students to conduct physical exercises in their respective schools.

For the benefit of those students who have had little or no experience in chorus work, Prof. Landon has organized a chorus club for the Normal students. This class will meet once a week at the chapel hour and will take up the more simple music. In co-operation with this class Mr. Landon will organize his regular glee club, which is made up of the more experienced students of the school. An attempt is being made to organize a Normal band and orchestra, and steps will be taken in the near future to perfect such an organization.

HAS LATEST EDISON MACHINE FOR FERN

A. B. Ellis of the Fern theater returned Tuesday from a two days' stay in Omaha on business. While there he purchased an Edison machine of the latest improved make for use in his picture show here, and will use the one he now uses here in the theater. The new machine will be in operation in a day or two.

Mrs. Hattie Gordon of Columbia, Mo., arrived in Maryville Tuesday for a visit with her daughter, Mrs. Kittie Anderson.

Communication

Pickering, Mo., Sept. 19, 1911.—Publishers Democrat-Forum: Because of the wrong impression made by the article in your paper of the 18th inst., under the caption of "Towns Slow to Act," I wish to say by way of explanation that while it may be true of some towns, it is not so in regard to all towns.

Last spring the business men of this little town of less than 300 people, subscribed, paid and already partly worked out the sum of \$200, which ought to meet the approval of our farmer friends, and I believe they, as well as the rest of us, appreciate what is being done in the co-operation of the business men in improving our public highways, which are not solely for "our use" but for all from whence they come.

I hope the "Good Road Man" will use his best efforts in creating sentiment in favor of improved highways. Respectfully,
C. G. MILLER.

The author of the article criticizing the towns in the matter of road building perhaps did not mean to charge all the towns with the full force of his remarks. At any rate, better roads are a matter in which both towns and country are interested, and in which both should co-operate to the extent of their ability and in a friendly spirit. The towns are benefited by good roads and so is the country.

If it were a matter for comparison the country will be the greatest gainer by good roads, for they mean increase in land values, the saving of time and the increase of comfort in travel, the ability to market products when prices are best, the betterment of the rural school, the reinstatement of the influence of the country church and the general improvement of social life in rural communities. Surely these are worthy of the best efforts of every community.

The towns are also benefitted, and every live town is willing to give every encouragement in its power to good roads. Of course, the business men of every town have to pay for street paving and the various improvements that go to swell his taxes many times to the limit of his ability to pay.

Good roads cost something, but as a matter of fact the chief thing necessary is the road building spirit. There has been great improvement along this line within the last few years, and the matter is yet in its infancy. The proposal to construct cross state highways has inspired a rivalry among the counties in the central part of the state that has already resulted in the organization of a number of special road districts and the voting of bonds to construct permanent roads. Here is where the city and town man can meet and unite in a practical and effective manner and no one will feel the cost seriously.

During Governor Folk's administration as governor an agitation was started to build a state highway from St. Louis to Kansas City. This was after the enactment of the law providing a state road fund and a state highway engineer. The legislature did not provide revenues and nothing came of it beyond the organization of several road districts under the benefit assessment plan. There was no state fund to draw on for special work and no way for raising money except by assessment. The last legislature, however, granted authority to organize road districts and to sell bonds for the money necessary. This has been done already in a number of counties and it looks like the long hard pull to get out of the mud is about to succeed in some of the counties at least.

Experiments with the road drag and with ditching, improved culverts, etc., have all demonstrated that where rock roads are not necessary on account of heavy hauling, very good roads can be constructed and maintained at comparatively little expense if everybody has the good roads fever. It is a matter in which all should, and we believe will, work together, and a thing which, when once accomplished, will never be regretted.

Visitors From Pennsylvania.

Mrs. John Blair and her daughter, Mrs. Wilson Flemming, of Irwin, Pa., a suburb of Pittsburgh, arrived in Maryville Tuesday on a visit to Mrs. Blair's niece, Mrs. John K. Sawyers, and her nephews, J. L. Scott of this city and W. B. Scott, living west of Maryville. Mrs. Blair is the only living sister of the late Mrs. Eleanor Scott of this city, the mother of Mrs. Sawyers and the Messrs. Scott.

Choir Meeting.

The Christian church choir will meet Thursday evening at 7:30 o'clock for practice. The members are urged to be on time, and any others who wish to become members or assist in the singing are invited to come.

Fine watch and jewelry, repair work, at Crane's.

BOARD INVITES BIDS

WATER BOARD ASKS PROPOSITIONS FROM ENGINEERS.

FIRST STEP TO SOLUTION

OF Problem is to Secure Estimates as to What the Water Works Will Cost.

The board of public works has invited propositions from a number of well known engineering firms, and as soon as their propositions are in hand a contract will be let and work will begin on the examination and estimate of the valuation of the present water plant. The first thing to do is to secure the best estimates to do this work, and the board is anxious to make no mistake in this first step.

Acting upon the invitations sent out yesterday to look over the situation and to talk with the board. The entire afternoon was spent with him and he returned to St. Louis last night. Mr. Harper of the firm of Goodwin and Harper of Kansas City came up last night and met with the members of the board. He was shown around town this morning and will return to Kansas City this afternoon. Others who desire to bid on the job will receive cordial attention.

Neither of the above firms submitted a proposition, but it is expected that they will very soon. When they do the board will proceed to let a contract if the propositions are deemed reasonable, and the first real work will begin. When the engineer's report is ready an attempt will be made to buy the water plant. If no agreement can be reached with the company the engineer's report will be made the basis for the construction of a new plant.

The well dug by Harrison Bros. near the Burlington depot developed a healthy flow of water, and it stands now about thirty feet deep. It is thought to be inexhaustible, and this well gives great hope to the city officials that they will be able to find a satisfactory supply of water with more ease than was at first expected.

Will Bring Nieces Home.

Mrs. J. G. Harrison, living west of Maryville, left for Houston, Texas, Tuesday evening, and expects to return by Saturday, accompanied by her young nieces, Ruth and Naomi Singery. They are the daughters of her sister, the late Mrs. Fred Singery, whose death occurred a few weeks ago. The other children will remain with their father and his sister, Miss Margaret Singery, who is in charge of his home.

THE MISSOURI-CALIFORNIA Irrigated Colony Farms

Improved and operated under one management. Greatest advantages—least expense. Park, club house, water, sewer and residence sites for members. Acreage limited to 1,000 acres. A few more desirable neighbors wanted to complete membership. For full particulars address "Irrigation," care Democrat-Forum.

Northwest Normal Lyceum Lecture Course

The Normal offers to the people of Maryville and vicinity an excellent course of lectures, musicales and entertainments at the lowest possible price. Transferable season tickets to the entire course of five entertainments will be sold for one dollar. Students' season tickets, not transferable, will be sold to Normal, Public School and Business College and Conservatory of Music students for 75 cents. These student tickets will be on sale at the various schools. Regular tickets on sale at the Orear-Henry drug store. Following is given the list of talent and dates:

October 6—DeKoven Male Quartet.

November 8—Dr. James Headley.

December 11—Victoria Lynn Concert Co.

February 7—Prof. Paul Voelker.

March 6—Edward P. Elliott.

This course is given by the Normal in order to furnish to the students the highest order of entertainment and is in no manner a money making proposition. Citizens who assist by buying season tickets will greatly aid in the school's success.

Student canvassers will call with tickets or they may be had at Orear's.

Tickets will be delivered if order is telephoned to the Normal.

PIERCE APPOINTED BY GOVERNOR HADLEY

Governor Hadley has appointed delegates to represent Missouri at the convention of the Lakes to the Gulf Deep Waterways association to be held at Chicago October 12 to 14. The following were appointed:

Congressman Charles F. Boeher of Savannah, Fred S. Hudson of Chillicothe, W. C. Pierce of Maryville, John F. Stevenson of Tarkio, A. M. Dockery of Gallatin, Senators Stone and Reed, and all Missouri congressmen, Walter S. Dickey and the other members of the state waterways commission, are also delegates.

Mrs. W. M. Wilson went to Pickering Tuesday to visit her daughter, Mrs. Ernest Swinford.

A LUCKY ACCIDENT

POPCORN WAGON BLEW UP ON MAIN STREET.

FEW PEOPLE ON STREET

Accident Happened at Night and Few People Were Near—Damage Considerable.

Just as Mike Lahr reached for the door to his popcorn wagon last night to get a sack of corn for a customer, there was a terrific explosion and a crashing of glass that sounded as if some business house had been dynamited. People rushed out from everywhere near, only to find Mr. Lahr's handsome wagon a wreck. The little boiler had exploded.

Parts of the machine had been driven through the plate glass in Crane's back store, and a faucet from the machine had been driven deep into the wood frame under the glass. Two ladies had just passed and cleared the machine when the explosion occurred, and it was fortunate indeed that Mr. Lahr escaped injury, for pieces of glass were laying all over the sidewalk and parts of the wagon were sent in all directions.

The accident happened about 9:15, when there were very few people on the street, otherwise there might have been some hospital recruits. The wagon stood just in front of Crane's, on the west side of the square, and there are usually several men standing at or near the stairway adjoining the book store.

No cause for the explosion is known. Mr. Lahr insists that there was plenty of water in the boiler. The wagon cost \$400 and is badly wrecked.

DR. CRESAP RETIRES

PRESIDING ELDER OF THE M. E. CHURCH, SOUTH, RESIGNS.

TO DO MISSIONARY WORK

The New Presiding Elder Will Be C. H. Briggs, Formerly of Joplin.

Dr. S. P. Cresap of St. Joseph, well known in Maryville and formerly pastor of the M. E. church, South, has retired as presiding elder of the St. Joseph district and will devote his time to missionary work and to the care of his large estates. Dr. C. H. Briggs of Joplin has been appointed to succeed him as presiding elder for this district.

Dr. Cresap also has withdrawn from the Missouri conference of the church, but will not retire from the ministry. Hereafter his energies will be devoted largely to missionary work, without salary or pay, and he will be a free agent in that he will perform such service as he can, in his own way, and where he feels that it is most needed.

"For some time I have had this step under consideration," Dr. Cresap said yesterday, "and my conscience tells me it is the right one. I have heavy responsibilities outside the ministry which, combined with my ministerial duties, have been too much. In trying to give both the attention due them I have become nervous and have found it absolutely necessary to make a change. After careful thought I have reached the conclusion that I can do more good by devoting my attention to my personal affairs and serving in the Master's vineyard where most needed and without any regular conference assignment. I do not propose by any means to give up preaching, but it is my ambition to work hereafter without earthly reward and in an entirely altruistic way."

Has Large Land Interests.

Dr. Cresap, as is quite generally known, has large land interests in Southwestern Iowa. With Mrs. Cresap he will leave this week for Wayne, Ia., where they will spend the winter, and next spring they expect to take up their permanent residence in Nebraska City, Neb., just across the Missouri river from their lands, and where he will be conveniently located for their management.

Dr. Cresap has been in the ministry nineteen years, as a member of the Missouri conference of the Southern Methodist church. He preceded Rev. U. G. Foote as pastor of the Francis Street church in St. Joseph, for nearly three years, having resigned in the last year in order to accompany the late Bishop Seth Ward of Texas on a tour of inspection of the mission fields of the Orient. Upon his return he was appointed presiding elder of the St. Joseph district and served two years. He asked to be retired at the late conference in Columbia, but public announcement was deferred until the selection of his successor was made. The Southwest Missouri conference, which closed at Marshall Tuesday, transferred Dr. Briggs to the North Missouri conference to fill the vacancy.

His Visit to the Orient.

It was upon the visit to the Orient that Dr. Cresap became imbued with the idea of retiring from regular conference assignments and devoting as much of his time as possible, and his means, to work more missionary in character.

Dr. Briggs is said to be a preacher of great eloquence and force, and one of the ablest in the southwest conference. He has served as presiding elder of the St. Louis and Kansas City districts. He is prominent in Masonic lodge circles, and is a past grand master of the Missouri Jurisdiction, and past high priest of the grand chapter.

Next week Dr. Cresap will go to To-

Night School

There is a strong demand for an evening school this year, and we have decided to conduct such a school if ten or more students will enroll for the term. The term will begin September 25, and will continue for six months. The regular courses of study will be offered. Tuition will be \$25 cash, or \$30 in payments of \$5 each. Books will cost from \$3 to \$5, depending upon the studies pursued. Sessions will be held on Mondays, Wednesdays and Fridays, hours 7:30 to 9:30. Indications point to a class of 30 or 40. This is a splendid opportunity for people who work, and time and money spent in our night school will bring big returns.

Maryville Business College

ronto, Canada, as delegate for the Missouri conference to the ecumenical conference of the Methodists. There will be 500 delegates from all parts of the world, in attendance upon this conference, held at intervals of ten years.

MERCHANTS TO GIVE AWAY PRESENTS

Somebody will get a brand new handsome Howard automobile as a free gift some time in the near future. A number of the merchants of Maryville announce that they have clubbed together and purchased a handsome auto of the Howard pattern and a fine piano, which they will give away to some of their customers.

Each of the merchants interested will give free tickets with all cash purchases, and the one who has the most of these tickets will get the auto. The one with the next largest number will get the piano, and other presents will be given, yet to be selected.

They don't ask you to spend a cent for any of these presents nor to buy anything you don't want. They have enjoyed a very good year's business and they want to show their appreciation of the patronage they have received and have purchased these articles to give away to the ones who take the most interest and collect the most tickets. They are handsome presents and are worth the while of any one. Everybody wants an auto, everybody needs a piano.

Those who have joined in the purchase of these articles are Tate Bros., Toggery Shop, Mrs. Staples, millinery, the Koch pharmacy, Maryville Steam Laundry, G. B. Holmes & Co., groceries; Empire theater, Campbell-Clark Hardware Co., Price & McNeal furniture; Montgomery Shoe Co., Electric shoe shop (T. J. Peniston), Hotchkiss' variety store, Vandersloot's meat market.

News of Society and Women's Clubs.

M. I. Circle.

The meeting of the M. I. Circle at the home of Mrs. James F. Cook Tuesday afternoon is regarded by all present as one of the most interesting in the history of the Circle. The subject of the study was Helen Keller. Three excellent papers on her childhood, girlhood and womanhood were presented by Mrs. James W. Ray, Mrs. Clinton Davis and Mrs. Charles Stillwell. The meeting was opened with devotional exercises led by Mrs. John H. Anderson. The president, Mrs. W. A. Bailey, took charge during the study. Twenty-one members were present and one new member was received, Mrs. W. O. Garrett, who lives north of Maryville.

Twentieth Century Club.

The Twentieth Century club held its first meeting of the year Tuesday afternoon at "Cherrycroft," the home of one of its members, Mrs. J. F. Montgomery. The president, Miss Clara Bellows, presided during the business session. After roll call the report of the State Federation of Women's clubs, which met at Sedalia, May 17, 18 and 19, was given by Miss Clara Starn, who was the Twentieth Century club's delegate. Her report was excellently given in detail. The new year books were then presented and the course of study explained by the chairman of each department's program committee, Mrs. W. A. Rickenbrode for the Tourists, who will take the Hayview course of "Brave Little Holland;" Mrs. E. G. Orear for the department of Civics and Home Economics, and Miss Alma Nash for the Shakespeareans, who study "Macbeth," "The Tempest," and "Tennyson's Idylls of the King. Mrs. G. H. Colbert gave words of praise for the chairman and challenged any club in the state to present as good a program in as handsome style as the coming year's course is given.

A very pleasant feature of the meeting was a talk by Mrs. Dr. J. H. Holland of Riverside, Cal., who is in the city the guest of Mrs. O. C. Hanna. Mrs. Holland is president of the Women's club at Riverside, which has 200 members. She will be well remembered by many Maryville residents as Miss Emma Parker, daughter of Rev. J. W. Parker, a former pastor of the First M. E. church of this city.

A delightful time followed with a garden party, when a caterer's luncheon was served in the club colors, lavender and white, by the members of the program and year book committees who are Mrs. W. A. Rickenbrode, Mrs. E. G. Orear, Miss Alma Nash, Miss Helen Laffer, Mrs. R. L. McDougal, Scribner Beech, Sr., Miss Emma Lee Taylor and Mrs. G. H. Colbert.

There were two out-of-town guests, Mrs. Holland of Riverside, Cal., as Mrs. O. C. Hanna's guest, and Mrs. James Shuck of Seattle, Wash., who

ADVISES CITY TO BUY

JUDGE McPHERSON RENDERED DECISION ON WATER WORKS.

DES MOINES FIXED RATES

Judge Overruled the Rates, But Told City Its Remedy Was in Ownership.

Judge McPherson of the federal district court, rendered a decision in the Des Moines water works case last Saturday in which he overrules the contentions of the city, but advises the city to buy the plant and end litigation.

Four years ago the city of Des Moines passed an ordinance, as the Maryville Water company told us we might do, fixing the rates at a lower figure than the company had been charging. The company claimed the rates were unreasonable and would render a fair income on their investment and took the matter to court. It has been in court ever since. A temporary injunction was secured prohibiting the city from putting the rates into effect. The company claimed the plant was worth \$2,500,000, and a special appraiser was secured, who placed the value at \$1,540,000. Judge McPherson makes the temporary injunction permanent, and advises the city to buy the plant, in the following words:

"The Iowa legislature has enacted a statute which provides for the condemnation and taking over of water works, and the city as a city becomes the owner of such plants. The value thereof is ascertained by the supreme court of the state, and the owners of the plant are compelled to part with the ownership upon receiving the value thereof from the city. Under the construction of the Iowa constitution above referred to the city can go into debt to raise the money and become the owner. The city can borrow the money at a less rate of interest than can a private corporation. When the city becomes the owner of the plant all these litigations at an end.

"It may be that the people will be better served, but in and disputes will be between officers and the people. service is not given, the only complaint to their own. It may be that the property will pay more for their work, but this will be largely when counting the expense and the unending follow the present method private corporations to own water works company will not receive all of the investment. But, considering the limits their franchises, and the new encountered to get money which to build water works is better that they charge losses and bring present method to a close.

Markham's "Real Romance" contains the of historical pictures work defies criticism.

Not ANY Glasses

Don't forget that there are glasses that will do you more harm than good.

The lenses for YOU must be ground to your measure, just the same as a druggist puts up a prescription.

Glasses chosen in any other way are a positive danger.

This point cannot be given too much emphasis.

It is as easy for you to get the right kind as the wrong.

We will choose them for you, and do it in such a way that you will be satisfied.

Carl Morris, the Oklahoma "White Hope," has ceased to hope.

Mr. Bryan believes that "harmony means to halt." A lack of harmony means defeat.

Better take one more round with the lawn mower and then get the furnace in order.

Champ Clark says that the difference between a speech and a lecture is that you get paid for the lecture.

COME AND SEE.

The Worth County Times and the St. Joseph Observer a few days ago found fault with Maryville because Caleb Powers was allowed to lecture here, and used the circumstance as the basis for an argument against the Chautauqua, alleging that Chautauquas in general are only money making enterprises, and that anybody can get on the circuit who has become notorious enough to attract attention and draw a crowd of curiosity seekers.

The argument is entirely unjust to the Chautauqua movement in general and to Maryville in particular. Caleb Powers was in Maryville several years ago, and to this indictment there is no attempt to evade just criticism, but while there may have been some difference of opinion as to the propriety of staging him as an attraction at any time, it is certainly true that during the past two years two excellent Chautauquas have been held in Maryville and no man, however critical, could find the least objection to a program of either program. The Chautauquas were up and helpful and would not disadvantage to either mentioned editors if they were with their presence. They were away back in years more than men do in all and the right to repent error is open to all. Connected with the Chautauqua in this county at the time is a clean man of pure and high purposes, and if our of the press will come over themselves of our hospitality we will guarantee that their attitudes will not be shocked or said or done in the program will be presented. If they at any good can come out of this, come and see.

BUFFALO BILL'S FAREWELL TOUR

In the summer of 1884 Buffalo Bill's Wagon Show presented a line of outdoor, fresh air exhibitions that were novel and beneficial to the public. In the winter of 1885 and 1886, in the most colossal scenic spectacle the world ever saw before or since (presented at Madison Square Garden), it founded a new era in stage mechanism that has since had an inspiring effect on dramatic productions in the most celebrated homes of that art. Its continental and ocean tours mark a pioneering in that line that stands and probably will forever, as an unequalled record. During the summer of 1911, with its companion human kindergarden, Pawnee Bill's Far East, its visits will be rendered memorable as celebrating the leave taking from millions of admirers of its leader, Col. W. F. Cody, Buffalo Bill.

BRONCHITIS CONQUERED.

Seventh Years Old and Praises Wonderful Hyomel.

"I had a severe attack of La Grippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I could not hear a watch tick. I commenced using your Hyomel and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over 16 years old. I have told several prominent doctors what it did for me."—Wm. H. Mowder, Washington, N. J. R. F. D. March 16, 1911.

For catarrh, asthma, bronchitis, coughs, colds and catarrhal deafness Hyomel is guaranteed by the Oregon-Henry Drug Co. Complete outfit including inhaler and bottle Hyomel \$1.00, separate bottles Hyomel if afterward needed 50 cents.

Visiting Her Mother.

Mrs. Fred M. Hull and daughter, Pauline, of Hiawatha, Kan., is in Maryville on a visit to her mother, Mrs. Mollie Porter, of South Main street.

Left for Nebraska.

Mrs. Gooley Griffey, living six miles northwest of Maryville, left Wednesday morning for Broken Bow, Neb., on a visit to her brother, C. R. Workman.

P. E. O. Meeting.

The P. E. O. chapter will meet Saturday afternoon with Miss Hettie Anthony.

Miss Jessie Gibson of Chillicothe, Mo., was in Maryville Wednesday morning, returning home from an extended visit at Eddyville, Iowa City, Creston and Winterset, Ia.

Mrs. M. D. Brennan and her mother, Mrs. John Vaughn, left Wednesday morning for a few days' visit in Kansas City.

Miss Belle Roberts went to Kansas City Wednesday morning to take up nursing in Dr. Droll's sanitarium.

Mrs. Gus King of Clyde attended the social given by the young ladies of St. Mary's Tuesday evening.

Mrs. Dr. Ed Miller of Hopkins spent Wednesday in Maryville with Dr. and Mrs. Jesse Miller.

T. D. Hosmer of St. Joseph is in Maryville on business.

Priest Discerns New Comet.

St. Louis, Sept. 20.—Father Martin S. Brennan, S. J., a priest astronomer, has sighted a tramp comet, the tail of which can be seen with opera glasses after 8 p. m. The nucleus is visible to the naked eye just south and west of the star Chuban, known as the "Tail of the Dragon." The head is much larger than that of Halley's comet. Its origin and identity are unknown.

D. R. EVERSOLE & SON

It is now time to talk fall and winter merchandise. It is now time for you to think about your needs in our line. The early buyers always select the best to be had in the stocks, and we want you to know that the best merchandise we bought is rapidly coming in so that all will be early buyers.

Ladies', Misses' and Children's Coats

If there ever would be a time when we could please you in a coat it will be this season. We have bought liberally on coats, and will be able to show you a large range of styles and variety of materials to select from. We will show a beautiful line of Ladies' Black Coats, also the heavy reversible cloths in the mixtures. We have a nice line of Ladies' Lighter Weight Coats that are just the right weight for this time of the year, and probably would be heavy enough up into the early winter.

certainty of the length of the suit coat has thrown dresses strong in the lead and suits to the rear. We will also have this season Misses' and Children's Tailored Dresses at very reasonable prices.

Ladies' Dresses

We bought a beautiful line of Ladies' Dresses, and they are arriving every day by express. We want you to call often and see the new styles.

There will be a great demand this season for Ladies' Dresses. The un-

certainty of the length of the suit coat has thrown dresses strong in the lead and suits to the rear. We will also have this season Misses' and Children's Tailored Dresses at very reasonable prices.

Cool Weather Time is Sweater Time

We want you to know we sell the Bradley products. The name Bradley in a Sweater Coat insures to you that you are getting the best in knit goods. These Coats give perfect satisfaction, not only because they fit, not only because they are stylish, but because they are made from yarns of the highest grade. The prices range from \$1.75 to \$6.50.

Shoes for School Wear

We call your attention to a line of Gen Metal Calf School Shoes for children and misses that should be of direct interest to parents. The sizes are 8½ to 11, at 90c, and 11½ to 2 at \$1.10—best values in the city.

We also show School Shoes made from the best grade of vic kid, both lace and button, sizes 8½ to 11 and 11½ to 2 that you will find to be 25c per pair cheaper than you have been getting same qualities for. We are just putting in stock for Friday's showing, a very choice line of Junior and Misses' and Ladies' Gun Metal Calf Shoes, that are unmatched in the county in appearance, wearing qualities and lowness of price.

We also show in this connection a Ladies' Home-Wear Shoe made from gun metal calf. This shoe is built for comfort and service, and will on investigation appeal to you as JUST THE SHOE for home wear. The price, \$2.00, is so reasonable, too. You can easily save the price of a single admission to the circus on every pair of Shoes bought of us, that day or any other day. It is the 25c and 50c you save on a purchase that helps you to get other things you want.

SPAIN FACES GRAVE CRISIS

Labor Movement Develops Into Revolutionary Conflict.

GENERAL STRIKE IS ORDERED.

Trades Unions Direct Walkout Throughout Nation—Constitutional Guarantees Suspended and Meetings Forbidden.

Madrid, Sept. 20.—Spain is face to face with a crisis equal in gravity to that following the riots in Barcelona in 1909. The agitation and the power of the agitators on the masses have increased in proportion to the rigor of the repressive measures undertaken by the government. What at its origin was purely a labor movement now has developed into a revolutionary conflict, a commune actually having been proclaimed at two towns near Valencia. At these places the authorities were driven out of the districts.

Will Call General Strike.

The affiliated trades unions have decided to call a general strike today throughout the length and breadth of Spain, and the government, abandoning the tone of optimism heretofore maintained, decided upon the drastic step of "suspending the constitutional guarantees" throughout the whole country. All meetings will not be allowed except in extreme cases. "The grave measures we have taken are absolutely imperative, not only for the defense of public institutions, but for society itself," said Premier Canalejas. "The suspension of the constitutional guarantees has been decided upon by the government in the presence of a movement unmistakably revolutionary and anarchistic in character—a movement it may be assumed directed against all social order."

Government Knew of Plot.

The Spanish government has long been aware that some such movement was contemplated for the end of September, but was unwilling to take radical measures until its true character was apparent. This movement was supported by the socialists and possibly by the extreme Republican party and was directed by a committee composed of Spaniards and foreigners, with headquarters at Barcelona.

Embassies were sent out throughout the peninsula with instructions to foment general strikes in all the provinces, the object being to paralyze the life of the nation by stopping all public services. The government laid plans accordingly and is resolved on the re-establishment of order as rapidly as possible and at any cost.

URGES CONVICT LABOR

Governor Shafroth Outlines Plan for Building Public Highways.

Chicago, Sept. 20.—Governor John Shafroth of Colorado, at the International Good Roads congress and exposition, advocated the use of convict labor for building and maintaining public roads. At the conclusion of the Colorado governor's address, the congress adopted resolutions demanding the enactment of federal and state laws for this purpose.

Governor Shafroth described the success of Colorado in using convict labor for the construction of highways and outlined the method pursued by that state. In this connection, he said:

"In Colorado we give each convict ten days off for every thirty days' sentence in working on our public roads, and we have not lost a man by sending him out to do this work. The keep of the prisoners is less expensive to the state, and the beneficial results to the individual convict are great. We should have state and federal laws compelling all able-bodied convicts to earn their liberty by work and they should receive one-third of their earnings for themselves and their families."

DOOMED MAN KILLS ANOTHER

Strikes Him With Piece of Iron Bar in Corridor of Prison.

Folsom, Cal., Sept. 20.—Jake Oppenheimer, murderer, robber and condemned to die, added another murder to his list when he killed Francisco Quijada, also condemned to die, with a piece of iron bar, in the corridor of the prison here.

The killing was the result of bad blood that has existed between the two men for several months. Both figured in a recent attempted jail breaking, and both were sentenced to hang, under a new law, which makes it a capital offense for a life term to attempt to break jail.

Oppenheimer has killed two men and figured in several attempted jail deliveries. He has been the most unruly prisoner in the history of Folsom.

"I just wanted to add another scalp to my belt," is his only explanation of his deed.

Dix in Favor of Home Rule for Cities. Chicago, Sept. 20.—A powerful plea for the emancipation of American cities from the control of state government was made at the International Municipal congress by Governor John A. Dix of New York, whose paper on "Home Rule for Cities" was read by Charles Lokue.

World's Events tonight, Fern theater. J. S. Van Cleave and wife of Moberly arrived Wednesday morning and will visit the family of W. C. Van Cleave, on South Main street.

James Todd of The Democrat-Forum left Tuesday morning on a short vacation trip to Guilford and Kansas City.

Sturm went to Kansas City Tuesday evening on business.

FRIEDRICH LEOPOLD.

Prince Who Commands "Army of Invasion" In Big German War Game.

MASS FOR REPOSE OF STOLYPIN'S SOUL

Czar Participates in Ceremonies at Kiev Hospital.

Kiev, Sept. 20.—A mass for the repose of the soul of the late Russian premier, M. Stolypin, was celebrated at the Kiev hospital, where the statesman died from injuries inflicted by Dmitry Bogrof.

Emperor Nicholas participated in the ceremonies and at its conclusion personally condoled with M. Stolypin's widow.

His majesty left for Sebastopol, where the imperial party will take up for three months their residence in the newly built palace at Yalta, in the Crimea. Thousands of persons, cheering enthusiastically and singing repeatedly the national anthem, accompanied the emperor through the streets.

JUDGE GROSSCUP TO RESIGN

Will Retire From Bench First Week in October.

Chicago, Sept. 20.—United States Circuit Judge Peter S. Grosscup announced that he would retire from the bench the first week in October.

Judge Grosscup has served nineteen years as a member of the federal judiciary of the Northern district of Illinois. He came into public notice when the United States court of appeals, of which he was a member, reversed the action of Judge K. M. Landis, who had fined the Standard Oil company \$29,000,000. He will send his resignation to President Taft shortly after the meeting of the United States court of appeals in October. A desire to enjoy more freely his freedom as a citizen and resume practice of law are given as reasons for Judge Grosscup's decision.

Uncle Sam Cuts Out Free Smokes.

Los Angeles, Sept. 20.—Cigarmakers and other tobacco factory workers, including girls, who have been accustomed to having all the "free smokes" they wanted, must pay hereafter for the "makings" and for all the cigars they use, according to a ruling of Claude I. Parker, United States district collector of internal revenue.

Blames the Labor Unions.

London, Sept. 20.—Lord Claude Hamilton, chairman of the Great Eastern railway for the last eighteen years, was the principal witness before the railway commission which is inquiring into the differences between the companies and their employees. He made a sharp attack upon British trades unionism.

Man Drowns Self and Son.

Paris, Sept. 20.—A man named Leuvre quarreled with his wife and left the house, taking his ten-year-old son. The bodies of both were found in the Seine. The father had tied the body of the son to his own and then leaped into the river.

Man Attacked by Pet Deer.

Springfield, Mo., Sept. 20.—A pet deer attacked and seriously injured Frank Hedley, a business man, here. Hedley was knocked down and one of the prongs of the enraged animal's horns entered his thigh. He was rescued by neighbors.

Spanish Troops Fire Into Crowd.

Bilbao, Spain, Sept. 20.—Troops fired on a crowd that was endeavoring to free prisoners, including strike leaders, who were being taken through the streets. Twenty-six persons were wounded. The situation is grave.

Archbishop to Fight the Fight.

London, Sept. 20.—The archbishop of Canterbury has interested himself in the campaign to prevent the scheduled Johnson-Wells fight and has written the home office urging that action to suppress the contest be taken.

Mrs. W. L. Schoonover and daughter, Alleene, went to Hopkins Tuesday to visit Mrs. Madeline Caffrey.

Mrs. R. L. Crabb went to Darlington Tuesday to meet Mr. Crabb, who went there on a business trip.

Mr. and Mrs. Samuel went to Sheridan Tuesday for the picnic.

(Continued from page 1.)

was the guest of her sister, the president, Miss Clara Bellows.

The course of study mapped out in the new year book for the Twentieth Century club is a credit to the organization and alone marks its members as women of thought and culture.

Dance at Calumet Hall.

A company of young people enjoyed an evening in dancing at Calumet hall Tuesday night to delightful music played by the three Italians who spent the day in Maryville giving street concerts with violins and Italian harp. The dancers were: Miss Allie Fraser, Cecil Sheldon, Magnus Tate, Ruth Reuillard, Fred Bellows, Cecil Benight, Dr. Clifford Cline, Nelle Campbell, Ralph Marcell, Hazel Lake, Curtis Lyle, Virginia Rose, Lieber Holmes, Katherine Kuchs, Clyde Hutton and his aunt, Mrs. Lulu Gotch of Atlantic City, Ia., who is a guest at the Hutton home; Edward Lowery, Ina Hollowell, Frankie Hollowell, Lou Cunningham, Cleve Funk, Rena Sturm, Don Aldrich, Mary O'Brien, Earl Stafford, Orlena Helpy, Scott Crall, Helen Helpy, James Felix, Kittle Grems, Harry Olson, Marie Reuillard, Eugene Cummins, Eleanor Smith, Frank Cummins, Lillian Carpenter, George Kemp, Anna Balmum, Fleming Carpenter, Esther Shoemaker, Lester Bennett, LaVera Condon.

Social Was Success.

The social given by the young ladies of St. Mary's church, in the church basement, Tuesday evening, was successful. Twenty-five dollars was cleared by them for the benefit of their new parish school building. The lady's prize at the games was won by Mrs. John Tobin of DuQuene, Ark., and the gentleman's prize by Mr. John Schwartz. Both prizes were decks of cards.

MANY EXHIBITS AT OMAHA LAND SHOW

With reports of extraordinary crops coming in from all sections of the territory embraced by the Western Development association, the second annual Omaha land show, October 16 to 23, will be the greatest exhibition of its kind ever attempted. Its magnitude will surpass other shows, as the Omaha Coliseum, in which the exhibits will be shown, has more floor space than any other exposition hall. W. O. Paisley, general manager of the land show, recently returned from several western states, where he lent his assistance toward assembling the exhibits, and he met with signal success, finding the sentiment of the west strongly in favor of Omaha as the best place in the world to handle such an undertaking. C. C. Rosewater, president of the exhibit, is on the Pacific slope, where he has arranged for many unique displays.

The exhibits will include every grain and fruit that is grown in the west, as

well as the minerals and oils that are taken from the earth. Besides their fine grain and fruit, Colorado and Montana will have fine displays of minerals. Idaho and Oregon will have novel displays of native timbers and woods, and Idaho has planned to have her display cases made of highly polished native woods, showing the great horticulture resources of that state with a setting showing her forest resources.

California, as usual, will make a magnificent showing of her citrus fruits and she will also feature other products of the golden state with the finest display which has been sent out from the coast. Washington will have exhibits from her most fertile valleys, and the Big Horn basin and other sections of Wyoming will be well represented. Utah has arranged for a more complete display than was made at the first land show, when the state received many plaudits for her fine showing, and Nebraska will come in for a large space where she will show to splendid advantage the opportunities offered for development along all lines.

Machinery hall will be something extraordinary in connection with the land show proper. In former years the machinery department was one of the features of the corn expositions in Omaha, and it was greatly missed at the last land show. The management therefore hastened to add this feature, and also to make it the most complete of its kind that could be arranged. Machinery of every description will be shown, from small hand tools to the big tractor. There will be practical field demonstrations with the tractors and also of corn shredding.

The interior scene of the big coliseum, when the doors are thrown open to the throngs on October 16th, will be one of dazzling magnitude. Many thousands of electric lights will be employed and the spectacle will be grand. One of the spectacular features will be the panoramic reproduction, showing "the development of the west" from the glacial period down to the present time. A fine program will be given every afternoon and evening.

LIEUT. MCCOMMON IS COMING HOME

Lieutenant and Mrs. Frank McCommon of San Diego, Cal., will arrive in Maryville Wednesday night for a few days' visit with his parents, Mr. and Mrs. Howard McCommon.

Lieutenant McCommon has been ordered to the east by the U. S. navy department and will spend the winter on the eastern coast. Mrs. McCommon's sister and children from Omaha will meet them in St. Joseph and accompany them to Maryville.

The Chief Causes of Poverty.

Intemperance as a cause of poverty seems to be losing its importance. Only 2 per cent of the 1,600 families which have been lately in the care of New York's association for improving the condition of the poor relate their distress to that source. Desertion, imprisonment and inefficiency, while

more important factors, are still not of first consequence.

The two great causes of poverty, according to the association, which is the first body to look into the question in a broad and careful way, are sickness and unemployment. Together they account for two-thirds of the trouble—with the former in the lead. This state of things brings forward most pointedly the necessity for instruction in better ways of living and for some form of insurance to soften the effects of illness on domestic life. The other phase of the question invites emphasis on the need of avoiding congestion of population by devising machinery for the advantageous disposal of newcoming aliens through the country at large.—Chicago Record-Herald.
